#### GENERAL FACULTIES COUNCIL

The regular meeting of General Faculties Council was held December 16, 1974.

#### COMMITTEE ON UNIVERSITY LEGISLATION

Members completed discussion of a Draft Act respecting The University of Alberta, prepared by the Board Joint Committee on University Legislation.

#### HOUSING AND FOOD SERVICES REPORT

Members received for information the annual Report of the Housing and Food Services Committee, submitted by L.C. LEITCH, Vice-President (Finance and Administration). Among its summarized points were the following:

- 1. the four-year maximum tenancy regulation at Michener Park was abolished and the \$7,500 income ceiling removed;
- 2. the committee agreed to submit an annual report to General Faculties Council;
- 3. the committee agreed that decisions on matters of general interest to the University community should be sent to Folio for publication;
- 4. a rental increase of \$5 monthly effective July 1, 1974 was approved for Michener Park; and
- 5. the committee recommended that the basic double occupancy room and board rate for the Lister complex be increased to \$956 per winter session, effective September 1974.

#### SELECTION COMMITTEE, DEAN OF LAW: COMPOSITION CHANGE

Council debated and approved a request from the Law Society of Alberta that the Society's representation on the Selection Committee for Dean of Law be increased from one to two.

G.A.C. STEER, Chairman of the Education Committee of the Law Society, first approached the Law Faculty Council with his request. The request was defeated on the ground that the selection of a new Dean was an issue of great importance to the staff and students of the Faculty of Law, and their influence should not be weakened by the addition of another outside member.

BURKE BARKER, Professor of Law, felt that members were wrong in seeing an alien point of view on the part of the Law Society; rather, he said, it was time to think that both faculty and professional association had common aims.

Professor Barker was supported in his statements by ELVIN ESAU, third-year Law student.

#### SELECTION COMMITTEE, EXTENSION

Members approved a proposal that the Selection Committee for Director of Extension have the same composition as that approved by Council for the Review Committee.

#### APPOINTMENT

Council approved a request of the Council of the Faculty of Graduate Studies and Research that the chairman of the PhD Medical Sciences Committee be an ex officio member of the Council of the Faculty of Graduate Studies and Research, and that he have the same voting rights and privileges as elected members.

Following Council's approval, T.G. WEGMANN, present chairman of the Committee, was appointed to the faculty council. Other ex officio members are: the Dean of the Faculty of Graduate Studies and Research (chairman); the President; and such other persons as may be appointed (usually to represent involved departments) by General Faculties Council.

#### AWARD-WINNING PLAY **OPENS TONIGHT**

The winning play in the Clifford E. Lee playwriting competition opens tonight at Studio Theatre in Corbett Hall.

The Injured, written by Tom Grainger and directed by Howard Dallin, is the story of seven people who are in some way hurt, maimed, or even killed by the events which surround them. It is billed as "a play about common people living on the desperate edge of loneliness, isolated from society because of past deeds, fear, mistrust, and a sense of duty.

"Playwright Grainger states that the physical act of writing the play was triggered by a brief news report concerning a woman who had just been released from an institution; she had been sent there some 30 years previously, when she was not yet 14, because she was pregnant." The news story led Mr. Grainger to explore, in The Injured, what happens to people "whose lives have been twisted beyond repair by the harsh implementation of laws and moral standards, imposed by people to whom such laws and standards rarely apply? What happens to such people who are then forced to live in a society in which the laws and standards that crippled them no longer apply to anyone?" The Lee drama award carries with it a prize of \$1,500 plus funds to enable the winning playwright to come to Edmonton to work with the cast during rehearsal. The playwright-in-residence program and the national competition were established in 1973 by the University's Department of Drama with assistance from the Canada Council, the Clifford E. Lee Foundation, and the University Alumni Fund.

The play will be performed nightly at 8:30 (excluding Sunday), with a matinee Saturday, January 11 at 2:30 p.m. Tickets may be obtained at the Bay Box Office (downtown, Southgate, Londonderry) or from the Department of Drama, 3-146 Fine Arts Centre. Admission is \$4 (\$3 for students). For additional information, telephone 432-1495.

#### TARGET SURPASSED ON SALE OF CANSAVE CHRISTMAS CARDS

In the November 7 issue of Folio, in a notice announcing the sale of Christmas Cards for the Canadian Save the Children Fund (CANSAVE), it was mentioned that the staff of the general office in the Department of English responsible for selling the cards had vowed to "bust \$1,000" having made \$700 the previous year.

When the sales figures were added up after Christmas, they found they had made \$1,659, more than double their previous best of \$743 made in 1972.

The following paragraphs are taken from a letter received by Folio from N. PARKER-JERVIS, Assistant Professor of English:

"... Perhaps Folio readers, many of whom must be among the many generous people in the University who support CANSAVE, would like to be informed of the results of our efforts to raise money for the Canadian Save the Children Fund.

"Members of the English Department sponsor for CANSAVE the Hunger Lunch program, a book box, and the sale of Christmas cards. Our CANSAVE receipts go back to 1966 and show we have raised \$6,773.69 by the hunger lunch, \$374 by the book box, and \$3,989.05 by the sale of Christmas cards, for a total of \$11,156.74.

"In 1974 people at the University gave \$2,192 to the compassionate cause and, on the average, have given \$1,859.45 per year. May

we, through Folio, thank all those donors whose kindness has provided this useful amount to the worthy cause of CANSAVE."

# COMPUTING SERVICES NON-CREDIT COURSES

Computing Services again is offering a series of non-credit computing courses during the winter session of 1975. These courses are open to all interested persons, but preference will be given to staff and students of The University of Alberta.

Registration for all courses is taken at the Computing Services general office, 352 General Services Building and must be completed prior to the first class. Please note that there is usually a nominal fee of \$10 (\$20 for commercial clients) which must be paid before registration is complete. For further information regarding these courses, contact the General Office, 352 General Services Building, 432-1261, or the Information Co-ordinator, 319A General Services Building, 432-1463.

In addition to the courses listed below, Computing Services is planning a special course on APL/SV Features which will commence in late January or early February. Please note that this course is intended for programmers possessing a reasonably good knowledge of APL. A Beginner's APL course will be held in May 1975. Other courses (such as COBOL, Digital Plotting, PL/1 or SPSS) will be presented whenever sufficient interest is demonstrated.

#### **PEOPLE**

- EDWARD J. CHAMBERS, Dean of Business Administration and Commerce, attended the annual meeting of the Canadian Council of Deans of Faculties of Business Administration and Commerce at Montebello, Quebec from December 13 to 15. Dr. Chambers was chosen Vice-President of the Canadian Deans' Council for the forthcoming year.
- H. CLIFTON YOUNG, Associate Professor of Business Administration and Commerce, presented the major address at the Annual Management Conference of Air Products and Chemical Company.
- L.A. KOSINSKI, Professor of Geography, participated in an International Symposium on Population and Scale organized by the International Geographical Union (IGU) Commission on Population Geography of which Dr. Kosinski is chairman. The symposium was held during the IGU Regional Conference held at Massey University in Palmerston North, New Zealand.
- ROSALIND SYDIE, Assistant Professor of Sociology, has been elected President of the Western Association of Sociologists and Anthropologists for 1975.
- At recent meetings of the American Philosophical Association held in Washington D.C., JOHN KING-FARLOW, Professor of Philosophy, was appointed Honorary Counsellor to the Association of Philosophy Journal Editors. Dr. King-Farlow represented the Canadian Philosophical Association at a meeting of executive officers from philosophical groups in North America.
- ANTON Z. CAPRI, Associate Professor of Physics, has been awarded a Humboldt Senior Research Fellowship which provides funding for one year of research to be undertaken in West Germany. Humboldt Fellowships, given in memory of the late West German scientist Alexander Von Humboldt, are awarded on the basis of competitions open to persons from all countries.

#### **BOOKS**

- National Income Analysis and Forecasting, co-authored by E.J. CHAMBERS and R.S. SMITH of the Faculty of Business Administration and Commerce and R. HANEY SCOTT of the University of Washington, has been published by Scott, Foresman Press.
- People on the Move: Studies on Internal Migration, edited by L.A. KOSINSKI, Professor of Geography, and R.M. PROTHERO of the University of Liverpool, has been published in London by Methuen. The book is based on papers submitted to the International Geographical Union Commission on Population Geography.

#### NOTICES

#### FIRST AID CLASSES

The Workers' Compensation Board is organizing several courses in First Aid beginning in January.

The Standard First Aid classes will be held during the day (9 a.m. to 4 p.m.) and in the evenings (7:30 to 10 p.m.). The first course of evening classes begins January 20; day classes start February 3.

Advanced First Aid courses are all to be held during the day (8:30 a.m. to 4:30 p.m.) and start January 13. Other advanced courses will be held during February, March, April, and May.

A Supervisors' Safety Training course will be held in February and April, all classes being given in the mornings (9 a.m. to 12 noon).

A course on Entry into Confined Spaces will be given during a one-day session involving seven and one-half hours of instruction, on February 20 and May 22.

All the courses will be held in the auditorium or the Safety Conference Room at the Workers' Compensation Board offices, 9912 107 Street. The courses are free of charge to University staff.

Further information, schedules of classes, and registration forms may be obtained from E.M. DOERKSON, University Safety Officer, 427 General Services Building; 432-5614.

#### CAN/OLE SERVICES

CAN/OLE (Canadian On-Line Enquiry) is a computerized system which allows one to search several abstracting and indexing journals in the sciences and technology. The system is operated by the National Science Library (now called Canada Institute for Scientific and Technical Information, or CISTI) in Ottawa.

It is now accessible from The University of Alberta. To search the data bases available

under the CAN/OLE system, a user may simply go to one of the service desks with his query. A search editor will help him carry out the search. When the search strategy has produced a relevant number of references, a copy of the citations can then be printed (on-line or off). Service for the coverage listed below is available now. The charge is 50 cents per connect minute with a minimum of \$3 per session. Free search time is still available for members of the faculties of Agriculture and Forestry, Medicine, and Science.

#### Coverage

- 1. COMPENDEX (COMPuterized ENgineering inDEX), January 1970 to September 1974—326,040 references.
- 2. INSPEC (INformation Services in Physics, Electrotechnology, Computers, and Control), January 1970 to September 1974—650,000 references.
- 3. Chemical Abstract Condensates, mid-1973 to September 1974—390,774 references.
- 4. Biological Previews (Biological Abstracts), January 1973 to September 1974—439,983 references.

#### Location of Service Desks

- 1. Consulting Room, Computing Services, 255 General Services Building; 432-5105.
- 2. General Sciences Library, fourth floor, Cameron Library; 432-5351.

# REPLENISHMENT OF STANDING COMMITTEES, 1975 The terms of office of a number of members of the standing committees of General Faculties Council will expire in the spring, and during the next few months the Nominating Committee will be selecting nominations for the replacement of these members. Replacements will also be required for those members of committees whose term of office

will be interrupted by sabbatical leave during 1975-76. The standing committees where vacancies will occur are listed below. Numerals marked with an asterisk indicate alternatemember vacancies.
